# Welcome to the 2021 Humanity in Action Amsterdam Fellowship

*A virtual welcome to the Netherlands!*

*Since 1999, Humanity in Action The Netherlands has proudly collaborated with our colleagues at the Humanity in Action offices in Denmark and the United States, and since the early and mid - 2000s with the offices in Berlin, Paris, Warsaw and Sarajevo. Together, we educate a vibrant and diverse network of talented youth.*

*The Amsterdam Fellowship enables participants to examine contemporary questions around human rights, democracy, and inclusion from a Dutch perspective. Fellows examine patterns and mechanisms that underpin human rights-related challenges today, by learning from historical examples. Attention is given to the relationships between minority and majority populations, the role of civil society, and phenomena of social (in)justice. We facilitate a collective exploration of the social, economic, and political roots of discrimination in the Netherlands and provide a forum for the discussion of potential solutions.*

*The program traditionally takes the Second World War and Holocaust as a starting point - a devastating example of the collapse of democracy and the denial of minority rights. Furthermore, the curriculum dives into the Dutch colonial past and post-Second World War labor migration to the Netherlands. In 2020, the program repeatedly bridges historical narratives to more recent developments, rigorously exploring Dutch societal challenges related to pluralism from different angles. We ask ourselves: Why do some people resist while others remain bystanders?*

*methods, allowing Fellows to research and experience the role(s) they can play in society.*

*The pandemic exacerbates the pressures on the functioning of the rule of law and democracy and further emphasizes the importance of the protection of human rights – and marginalized communities in particular – globally. Overt discrimination, racism, islamophobia and antisemitism have sparked. Humanity in Action, along with millions of people in the United States and around the world, mourns the horrific murders of Breonna Taylor, George Floyd, and Tony McDade by police, as we mourn the countless others exploited, killed, and terrorized by white supremacists and the systems that support white supremacy.*

*We are in need of diverse new thinkers and doers from different disciplines and walks of life, who are committed to social justice.*

*There is a concrete urgency to make an effort to strengthen social cohesion and civic engagement among young people.*

*As both contemporary and past unresolved challenges impact our democratic societies, the Fellowships are more imperative than ever.*

*It is our conviction that promoting open and constructive dialogue is key to realize truly inclusive societies. We consider dialogue between our transatlantic Fellows one of the most important elements of the Humanity in Action experience. Even - and in particular - in these times in which we cannot meet physically.*

*In the light of the current COVID-19 pandemic, the 2020 Humanity in Action Fellowships take place virtually from June 3 to June 24, 2020.*

*We thank our Fellows for their trust and willingness to experiment collaboratively. Due to the virtual nature of the program, we will start and end the fellowship with*

*The Humanity in Action Amsterdam Fellowship exists because of our great supporters. We are deeply thankful to the Democracy & Media Foundation and Fred Foundation for their continued and crucial support over the years. We greatly appreciate the generous support from **Fonds 21 and Fonds 1818**. We welcome **'Stichting Maatschappij tot Nut van 't Algemeen, Departement Amsterdam'** and thank them for their support in our programming this year.*

*Last but not least, we are grateful to all Senior Fellows, friends, partners, speakers, volunteers, sponsors and our Board for their continued engagement and believing in the action Humanity in Action inspires.*

*We are honored to welcome our 2020 Fellows cohort, and are ready to embark on this virtual adventure together.*

*Yours sincerely,*

*Laura Lasance

# About

## Humanity in Action

Humanity in Action is a collaborative, international learning community of individuals from or based in Europe and the United States committed to the values of pluralism, liberal democracy, social justice, and human rights, particularly in the transatlantic context. We seek to promote these values through different forms of civic engagement shaped by the specific historical and cultural contexts in which we live.

- We **educate** to encourage critical exploration of liberal democracy, pluralism, and human rights, within the specific national historical, and contemporary contexts of our Fellowship programs.
- We **connect** an ever-growing transatlantic community to promote continual learning and collaboration.
- We **inspire** action for advancing human rights, social justice, and equity.

Through our work:

- We **affirm** the importance of strengthening democratic values.
- We **foster** environments in which individuals of diverse backgrounds and identities can engage openly and respectfully with contentious and challenging ideas and each other.
- We **support** a vision of pluralistic societies that embrace differences and negotiate their boundaries through constructive political, social, and personal dialogue and relationships.
- We **build** a multinational, intergenerational community of emerging and established leaders who share the Humanity in Action values.

## **>> PAST, PRESENT & FUTURE**

We believe that an important test of a genuine democracy is how it advances social equity and pluralism. We strengthen the commitment of our community to democratic values and foster knowledge around past and present human rights challenges.

The intellectual touchstone for Humanity in Action, founded in 1997, has been the study of acts of resistance - and lack thereof - during the Second World War and the Holocaust. These events raise critical questions: Why do some people resist while others remain bystanders? What connects those who recognize the need to resist? How are acts of resistance influenced by national and historical contexts?

Since Humanity in Action was founded with a focus on the 1943 flight and rescue of the Jews in Denmark during the Holocaust, we have grown conceptually, intellectually, and geographically. Our scope has expanded to include the legacies of American slavery and the Jim Crow era; colonialism and migration; peacebuilding and transitional justice in the Balkans; transitions from authoritarian to democratic forms of government in post-communist societies to other human rights challenges in Europe and the United States.

## **>> THE FELLOWSHIPS**

Intensive and demanding, the Fellowship brings together international groups of university students and recent graduates to explore national histories of discrimination and resistance, as well as examples of issues affecting different minority groups today.

## >> ABOUT HUMANITY IN ACTION THE NETHERLANDS

Humanity in Action Deutschland e.V. is part of the transatlantic Humanity in Action network with non-profit, non-partisan partner organizations in Bosnia and Herzegovina, Denmark, France, the Netherlands, Poland, and the United States. Humanity in Action Deutschland e.V. is an associate of the non-governmental platform of the European Union Fundamental Rights Agency (FRA-FRP) and a member organization of the network Democracy and Human Rights Education in Europe (DARE) and the Roundtable USA in Berlin.

In light of the current COVID-19 pandemic, the 2021 Humanity in Action Fellowships take place virtually from June 1 to 24, 2020. We thank our Fellows for their trust and willingness to experiment collaboratively. Due to the virtual nature of the program, we will start and end the Fellowship with the entire cohort of 124 Fellows joining all Humanity in Action Fellowship programs in Europe and the United States.

This year's Amsterdam Fellowship brings together carefully selected university students and recent graduates from Europe and the United States to explore historic and contemporary human rights issues in Germany. The Fellows meet with activists, artists, experts, and policymakers to explore a variety of human rights issues, including how and why individuals and societies, past and present, have resisted intolerance and protected democratic values.

# Humanity in Action The Netherlands: Activities

---

## AMSTERDAM FELLOWSHIP

The Netherlands has a reputation for being liberal and tolerant: a model nation for the protection of minority rights. The [Amsterdam Fellowship](#) offers an opportunity to consider where that reputation is deserved and where there is deeper work to do. Fellows look at the nation's history—the Second World War and the Holocaust, as well as Dutch colonialism and slavery—to understand how democracy breaks down when minority groups are denied rights.

---

## ALFRED LANDECKER FELLOWSHIP

In partnership with the Alfred Landecker Foundation, Humanity in Action launched the [Landecker Democracy Fellowship](#) in 2020. Each year, the Fellowship brings together 30 diverse leaders from the European Union, the United Kingdom and the United States who spend one year on creating projects that reinvent democratic spaces, strengthen social cohesion and build connections across communities. With financial support, the second cohort of the #LandeckerFellows work together from November 7, 2021 to November 6, 2022.

## HIA JUNIOR

Inspired by our flagship Fellowship in Amsterdam, [HIA Junior](#) was created to offer a similar collaborative learning & action opportunity on human rights-related societal topics, for engaged youngsters.

---

## PUBLIC EVENTS

We organize [public events](#) on pressing societal challenges. Our public events include lectures, symposia, talks, campaigns, and video- and podcast series.

---

## TRAININGS

Upon request, we design and run [training programs](#) for groups up to 25 people on the following themes:

- Inclusivity & Diversity
- Discrimination
- Human Rights in the Netherlands
- Youth Leadership

# Meet our Founder

## **JUDITH GOLDSTEIN**

Founder and Executive Director

Dr. Judith S. Goldstein received a Bachelor's degree from Cornell University in 1962 with a concentration on European and American history. As a Woodrow Wilson Scholar at Columbia University, she then studied for a Masters degree in European history and wrote her thesis on the "Mouvement Republicain Populaire and the Franco Vietnamese War, 1946-1954." In 1972, Judith completed her doctoral studies at Columbia University after writing her dissertation on "The Politics of Ethnic Pressure: The American Jewish Committee Fight Against Immigration Restriction: 1906-1917." This work was the beginning of a sustained concentration on immigration and diversity in America and Europe. She then continued to work at Columbia University over 10 years by focusing on an oral history project on Ethnic Groups and American Foreign Policy.

In the late 1980s, she began to write a book on the integration of Jewish immigrants in Maine which William Morrow published in 1992. Subsequently, she worked as the Executive Director of Thanks To Scandinavia, started by the Danish pianist Victor Borge to acknowledge Scandinavians who resisted Nazism and protected Jews during the Second World War. In 1997, Judith founded Humanity in Action and began to serve as its Executive Director. She also has an abiding interest in conservation and landscape design and history, especially as it relates to Maine and Mt. Desert Island.

# Code of Conduct

---

## HUMANITY IN ACTION

Humanity in Action is committed to providing a respectful environment to all those involved in its programs. Fellows, Senior Fellows, Staff, Program Interns and Board Members in all participating countries (collectively, “Network Members”) are ambassadors of Humanity in Action and should demonstrate appropriate conduct in the programs and in public during the duration of Humanity in Action programs. This Code of Conduct describes Humanity in Action’s expectations for the behavior of its Network Members throughout their participation in the Fellowship programs and all other network activities. The envisioned purpose of this Code of Conduct is to promote a constructive learning environment for all Network Members, particularly our Fellows. Guest speakers, volunteers, freelancers and trainers will also be informed about our network’s Code of Conduct. The Code of Conduct is not intended to be comprehensive or to address all possible applications of, or exceptions to, Humanity in Action’s expectations, nor is it intended to in any way limit a Network Member’s rights to communicate with a government agency, as provided for, protected under or warranted by applicable law. In addition, we

understand that different terms mean different things in different contexts, languages and countries. If you have any questions, please ask for clarification.

---

## RESPECT FOR THE COMMUNITY

All Network Members approach each other with respect. The themes presented during Humanity in Action programs are challenging, often contested, highly complex and potentially sensitive. Network Members are expected to approach and engage in discussions with respect, maturity, honesty, and an openness to explore their own perspectives and those of others in ways that are constructive for each individual and the group.

---

## RESPECT FOR GUEST SPEAKERS & TRAINERS

Network Members approach guest speakers and trainers with respect and with a desire to learn – even from guest speakers with whom they strongly disagree. Humanity in Action does not assume that Network Members will agree with all the viewpoints presented by all guest speakers. Humanity in Action encourages Network

Members to communicate their disagreements in a respectful and constructive manner.

Network Members may attend sessions during the programs that are sensitive in subject matter, confidential, or off-the-record. They agree to follow the requests of guest speakers and the Staff regarding confidentiality, attribution, recording/ photography and social media.

---

## **RESPECT FOR HOSTS & ACCOMMODATIONS**

Network Members comport themselves in places of accommodation - whether hotels, hostels, homestays or other locations - with respect and comply with any associated rules or standards of conduct. Non-Network Members cannot stay overnight in any Humanity in Action-sponsored accommodations without pre-approval from Staff and, where applicable, homestay hosts. If placed in homestays, Network Members should be sensitive to their hosts' expectations and show an openness and eagerness to get to know the hosts and their family.

---

## **ACTIVE PARTICIPATION, ATTENDANCE & TIMELINESS**

Network Members are expected to be active participants and to attend each scheduled session at the designated times. Should a Network Member need to arrive late, the Network Member should contact Staff in advance. Staff may excuse absences on a case-by-case basis.

---

## **DIVERSITY & INCLUSION**

Humanity in Action believes in the value of diversity and is committed to actively creating an environment where each Network Member feels empowered to learn, grow, and maximize their personal contribution. Celebrating the similarities and differences that shape each of us is important and will help spread our mission.

We promote an inclusive atmosphere and ensure that our Network Members are always treated with dignity and respect.

---

## **NO DISCRIMINATION AND/OR HARASSMENT & MAINTAINING CULTURAL SENSITIVITY**

Humanity in Action is committed to providing an environment where people are free from any form of harassment, discrimination, abuse, and retaliation. Network Members are prohibited from harassing or discriminating against another Network Member on the basis of racial identifiers or race, color, sex, religion, ethnicity, national origin, ancestry, citizenship, age, disability, sexual orientation, gender identity or expression, pregnancy, marital/familial status, military or veteran status, genetic information, cultural, social, political, economic differences and/or any other characteristic protected by applicable national, state or local. Network Members must maintain a program environment that promotes mutual respect and dignity and that recognizes the various cultural, ethnic, and religious backgrounds of our Network Members. Our program environment must remain free of all forms of discrimination, harassment and retaliation.

As such, Network Members are expected to be cognizant of, and sensitive to, differences in both historical and contemporary contexts. Network Members are also expected to recognize that some of the beliefs and behaviors could

pertain to these different contexts. Although misunderstandings may occur Network Members should always show respect and a willingness to understand and work through these differences both respectfully and constructively.

In addition, as noted above, sexual harassment will not be tolerated by Humanity in Action. For purposes of the Code of Conduct, sexual harassment includes harassment on the basis of sex, sexual orientation, gender identity, and the status of being transgender. Regardless of whether it is unlawful in certain countries, sexual harassment is strictly prohibited by Humanity in Action, and this prohibition includes any unwelcome sexual advances, requests for sexual favors and other verbal, physical or visual conduct of a sexual nature when any of the following occur:

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or status in a program or activity;  
Submission to, or rejection of, such conduct by an individual is used as the basis for program decisions affecting that individual;  
or

Such conduct has the purpose or effect of unreasonably interfering with an individual's participation in the network or of creating an intimidating, hostile or offensive program environment even if the complaining individual is not the intended target of the sexual harassment.

A sexually harassing environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature or which are directed at an individual because of that individual's sex. Sexual harassment may also consist of unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks. Sexual harassment can occur between any individuals, regardless of their sex or gender. A harasser can be any Network Member, guest speaker, trainers, volunteers, freelancers and/ or other visitor.

---

## **PERSONAL RELATIONSHIPS**

In order to promote the efficient operation of Humanity in Action and its mission, and to avoid misunderstandings, complaints of favoritism, abuse of power and other problems of supervision, security or morale, Humanity in Action prohibits Network Members

from developing a romantic or sexual relationship where there is an actual supervisor/subordinate relationship. To that end, consensual personal relationships between Fellows, volunteers or freelancers and staff, Program Interns or Board Members are prohibited during program participation. Other Network Members who engage in such relationships must use their judgment and avoid the perception or fact of abuse of power, undue advantage, favoritism, or exploitation. Should a consensual personal relationship no longer be consensual, the principles around sexual harassment may apply.

---

## **NATIONAL AND LOCAL LAW**

All Network Members must follow the laws governing the countries, states, municipalities, and cities where Humanity in Action activities take place and are susceptible to associated penalties for violations of those laws.

If any matter is referred to the national authorities, it will be addressed in accordance with applicable law.

---

## ADJUDICATION

If a potential violation of the Code of Conduct occurs, Humanity in Action asks Network Members to promptly inform a Program Director, Program Manager and/or Ombudsperson so Humanity in Action can promptly and thoroughly review and respond appropriately. Network Members who fail to comply with Humanity in Action's Code of Conduct may be subject to penalties. When possible and appropriate,

Humanity in Action will provide a warning of a breach of the Code of Conduct to Network Members and give them the opportunity to amend their behavior. Humanity in Action will address issues on a case-by-case basis. Serious breaches of the Code of Conduct could lead Humanity in Action to dismiss immediately a Network Member from a program and/or the Network at the individual's own expense.

# Ombudsperson

**LENKA HORA ADEMA**

**Contact: [info@lenka.nl](mailto:info@lenka.nl)**

As in society at large, also in Humanity in Action's educational programs, and in other ventures of the Humanity in Action community, situations that are in violation of the organization's code of conduct can arise. Humanity in Action Netherlands has established a designated point of contact to serve members of the Humanity in Action network, including the Fellows of this program, who experience abusive, racist, sexist, homophobic, or other forms of discriminatory behavior that emanate from other members of the network. While Humanity in Action staff is at the Fellows' full disposal to support victims of any incidents of such kind, a designated board member is additionally available via phone or e-mail as it might in some situations be more comfortable to confide in someone who has a greater distance from Humanity in Action programming or any parties involved in such incidents.

Lenka Hora Adema is our Ombudsperson, our designated point of contact to serve members of the Humanity in Action network, including Fellows of this program, who experience abusive, racist, sexist, homophobic, or other forms of discriminatory behavior that emanate from other members of the network.

She will listen closely to anyone affected and will advise on a confidential basis. Where necessary, and only after consulting with the affected person, the ombudsperson may choose to involve another person from the Board of Directors and/or involve a professional to work on the case. # Program Structure

The 2021 Fellowships kick-off with a virtual program of three weeks, with about four to five hours of programming per day and sufficient rest moments. Because of the different time zones, Fellows come together between 9:00 and 14:00 (EST)/15:00 and 20:00 (CEST). The virtual program consists of:

- Sessions for the entire international 2021 - Fellows cohort *opening and closing sessions on topics of common interest such as the Colonial Era, the Second World War, the Holocaust;*
- Sessions for the national Fellowship cohorts *to address country-specific themes ranging from lectures to games and from virtual museum tours to film screenings;*
- Breakout sessions of groups of national Fellow cohorts *to build a community;*
- Public virtual live events with top speakers.

Each program thus provides a virtual hybrid curriculum to explore the international and national historical and cultural context in which challenges to pluralism and democracy occur.

The programs are interdisciplinary, collaborative, and engaging learning experiences; they feature lectures and discussions/dialogues with researchers, journalists, politicians, activists, and artists.

The goal of these programs is to foster cross-cultural understanding and an appreciation of different perspectives and approaches for assessing past and contemporary social justice. After the three-week virtual hybrid program, Fellows will continue to develop and implement Action Projects to address social justice issues in their own communities.

## >> COUNTRY PRESENTATIONS - LESSONS LEARNED

The 2021 Humanity in Action Fellowships are drawing to a close. But this is not a goodbye. It's welcome to the network. It's time to look ahead! The three coming days mark the beginning of the Action Project period and your future engagement as members of our community. We will embark on this journey together by recapping what

you've learned, discussed, been frustrated with, rejoiced over for the past three weeks. This is your time to show and tell (and show off). We will dive into our Action Project Labs and what you can expect from the fall and winter sessions. Finally, on June 23, we will end this first intense part of your year-long fellowship engagement in a celebratory fashion. Let the real change-making begin!

# Beyond the Fellowship - Action Projects

## WHAT ARE ACTION PROJECTS?

As a Humanity in Action Fellow, you get the opportunity to enrich yourself and get empowered through the Fellowship program, the other Fellows and the network as a whole. Applying and spreading your acquired knowledge and skills in an Action Project is a core element of the Fellowship experience; it allows each Fellow to put theory into practice and act for an inclusive society. To become a Senior Fellow you must plan and implement an Action Project: a hands-on initiative inspired by your Fellowship experience. Action Projects give you the opportunity to apply what you have learned during the Fellowship and address real-life issues in your own communities.

The projects reflect each Fellow's unique experience and interests. Action Projects may take many different forms, including community service, public advocacy, art projects, lectures, conferences and social entrepreneurship.

During the 2021 Amsterdam Fellowship, you will get all the information and guidance you need to get prepared and ready to act!

## ACTION LABS

In addition to the virtual program, we organize a series of ACTION LABS from October 2020 until May 2021 for the Fellows reading in the Netherlands.

They will meet at least four times for workshops in support of their Action Projects. During this period, the Dutch Fellow cohort will be intensively supported to set up civic actions to support and emancipate the most vulnerable and marginalized communities in the context of the COVID-19 pandemic. Fellows are entitled to individual coaching, individual coaching perhaps, throughout the entire period.

### STORIES OF WOMANHOOD

*Sophia Blijden &  
Sharona Badloe (Fellows 2017)*

Stories of Womanhood was founded by Sophia Blijden and Sharona Badloe, on the occasion of the Fellowship of 2017. With Stories of Womanhood, they offer performers a platform to share personal stories about "womanhood" through the creative arts (spoken word, theater, poetry, etc.). They want to address (political) discussions where the left is often opposed to the right and offer a way to discuss social issues in an accessible way. In 2019 the fourth and fifth editions took place in Utrecht.

---

### REFUGEES AND SOCIAL INCLUSION

*Sascha Wijnhoven (Fellow 2018)*

To meet, connect and learn from each other: That's what the Travelling Language Café in Utrecht is about. As of March 2018, 13 meetings took place with newcomers, Dutch students and teenagers to explore the Dutch language and society together. Various topics were addressed addressed through play, challenges and interaction.

---

### MUSIC & SOCIAL ACTIVISM

*Caitlin Schaap (Fellow 2018)*

During the 2019 Amsterdam Dance Event, Fellow Caitlin Schaap participated in - and performed at one of the seminars on protest music and social activism. With her creative performance, Caitlin aims to be a voice for the indigenous communities in the Amazon region. The colonial and imperialist domination, the reclamation of natural resources and now climate change are having a profound impact on indigenous communities whose voices have been marginalized for centuries.

---

### VIOLENCE AGAINST WOMEN

*Lianne Cluistra (Fellow 2018)*

The United Nations have declared November 25 as International Day Against Violence Against Women. To raise awareness about this issue, in 2019, several buildings around the world were colored orange. Lianne was involved in this awareness initiative in Haarlem. The South Tower of the St. Bavokerk was colored orange for 16 days. During these days, different women's women's rights organizations provided sessions and workshops to end violence against women.
